CONTINUING THE CONVERSATION...

Integration: Creating a Client-Centred Health Care System

Steven Lewis
(President, Access Consulting)

Tuesday, April 14, 2009
12 noon - 1:30 pm (E.S.T)

In October, Steven Lewis presented to over 30 videoconference sites across Ontario. Back by popular demand, Steven will be available for an additional one-hour session to discuss your questions related to integration and health system transformation.

To ensure that we are able to address as many questions as possible, **please forward your questions by Friday, April 3rd** to Kristin Shields (contact information below). Time permitting, we will also take questions from participants during the session.

For additional information, please contact Kristin Shields, Senior Consultant, at kristin.shields@lhins.on.ca, (807) 684-9425 ext. 2016 or (866) 907-5446 ext. 2016.

Space will be limited in some videoconferencing locations. To have your videoconference site booked, you must RSVP.

Biography

Steven Lewis is a health policy and research consultant based in Saskatoon, and Adjunct Professor of Health Policy at the University of Calgary and Simon Fraser University (where he was Visiting Scholar from January to April 2007). Prior to resuming a full-time consulting practice he headed a health research granting agency and spent 7 years as CEO of the Health Services Utilization and Research Commission in Saskatchewan. He has served on various boards and committees, including the Governing Council of the Canadian Institutes of Health Research, the Saskatchewan Health Quality Council, the Health Council of Canada, and the editorial boards of several journals, including the newly launched *Open Medicine*. His published work covers topics such as reforming and strengthening medicare, improving health care quality, primary health care, regionalization, and the management of wait times.
