

# Ontario Health

Date: October 29, 2020  
To: All Ontario Health  
From: Matthew Anderson, President and Chief Executive Officer  
Subject: Announcement – Brian Ktytor

I am delighted to announce that Brian Ktytor has been appointed as the Regional Lead (Interim), Ontario Health (North) and CEO of the North East and North West LHINs. Brian is currently the Vice-President, Corporate Services in Ontario Health (North) and will formally assume his new responsibilities when Dr. Rhonda Crocker Ellacott departs on November 13, 2020 to take on the role of President & Chief Executive Officer of Thunder Bay Regional Health Science Centre and Chief Executive Officer of the Thunder Bay Regional Health Research Institute.

Brian is a highly respected and seasoned executive who has consistently demonstrated a strong commitment to the health and well-being of the North Region, including Indigenous and Francophone communities. He is widely recognized within the LHINs as a strategic thinker, organizational champion and change agent with a track-record for developing and translating strategy into successful operations. From his initial role as the Chief Information Officer of the North West LHIN in 2009, Brian has held a wide range of progressively senior roles across multiple functions, including risk management, communications and engagement, quality, finance and corporate services. His experience in health care system funding allocation and performance management will serve us well as we work internally and with others to achieve better health outcomes, Ontarians' health care experiences, provider experiences and value for health care dollars spent.

Previously, Brian served in a number of senior academic and administrative positions at Confederation College, as well as financial and administrative leadership roles in the private sector. He is very active in his local community and has served on several boards and community groups. Brian brings a very strong understanding of our mandate, stakeholders and partners through his involvement and leadership in an extensive range of advisory groups, collaborations and engagement activities.

We are delighted to welcome Brian to the Senior Executive Team and look forward to his continuing contribution to our organization. Please join me in congratulating Brian on his new position.

Regards,

Matthew Anderson
